I wish to protest your
decision to limit RFD TV.
or even remove them. I am a
faithful listener for many years

I cannot understand why you
allow a multitude of nothing
but TRASH and then want to
make this worse. Yes I realize
that it is ^{DOCKET FILE COPY ORIGINAL} real simple to punch
a button if I don't like it.

Thank you very much.

Memo (U) 3-28-2016

This is concerning the possibility of Channel RFD being taken off the air. That is doing an injustice to a large number of people who really enjoy the programs on RFD. I for one & many friends truly enjoy the programs, the Country music programs be it Blue grass or ~~rock~~ ^{the original} music and any other programs, I was glad Blue Highway was back.. I don't understand why these have to be dropped!?

I am a Michigan ~~state~~ resident who enjoys RFD programs

Sincerely

FCC attention:

I am very concerned at your organization's attempt to stop RFD from carrying many programs.

The people in rural areas appreciate the quality of programming RFD has offered to us. Our families enjoy the family-oriented shows. Most programs offered on other networks are not fit for a family to watch.

Listen to the rural people who have strong faith & morals.

Dear FCC,

The RFD Channel has been a real life saver for the older generation. To take it off the air would also take away the memories of the good ole days we had in our younger years.

Not only is it entertaining but it's educational as well. The rodeo's, horse and roping shows, tractor pulling; we've all played cowboys and Indians before. When we watch those shows and no one can deny that we wish we could do some of those things.

The inspirational shows is something we can all use. The list is too long to name them all. The recent death of Joey Feek was a great loss to all of us and I'm sure there were many tears shed and hearts broken. To take away RFD TV would only be another great loss.

Please do all of us a favor and let us continue to smile while having all those memories of our golden years. Mr. Patrick Gotsch did a great job bringing this channel to us. There's an old saying we hear from time to time, "If it's not broke, don't fix it." RFD TV is not broke so don't fix it. Thank you so very, very much.

16-41 Sincerely

James E. Carter Jr.

Dear FCC:

My name is Dorothy Craven. My husband and I are retired ranchers/farmers. We look to RFDTV to keep us abreast of the current trends as well as the futures in grains and livestock. Not only does RFDTV have excellent agriculture programs but their entire format is family oriented.

I pray you will use your power to address what the big companies are attempting to do and stop this nonsense once and for all.

Sincerely yours,
Dorothy Craven
